7) What is a "Pranic Vampire"? In which document is it mentioned? When was the document created?

It is present in astral.doc with 2008-12-13 and 16:23:11 IST

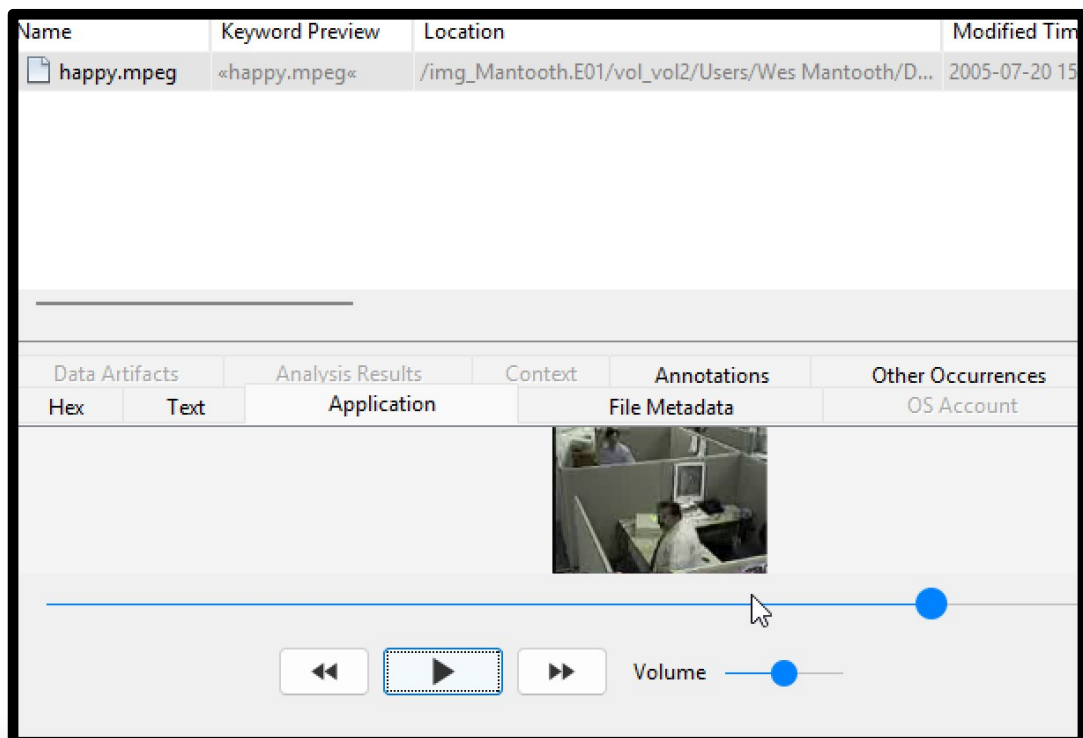

Pranic Vampire: This is a more common and possibly more correct term for psychic vampire. Prana is the Sanskrit word meaning "life energy", Which does more accurately describe the energy that we feed on. Pranic Vampires have a broken or in most cases removed Chakra, Generally the Navel, but in some cases the Heart Chakra. Often times this type of Psychic vampire has a completely reworked energy system. Pranic vampire is generally a catch all term and may encompass the other types or psychic vampires as well.

14)Mention what type of storage format will be the best for Digital Forensic Investigation?

The best storage format for digital forensic investigation is **Expert Witness Format (EWF)** with the **.E01** file extension.

Key Points:

- Preserves data integrity using hash values (e.g., MD5, SHA1)
- Stores important metadata like case number, examiner name, and notes
- Supports file compression to reduce image size
- Allows splitting of large image files for easier storage and transfer
- Accepted in legal proceedings and compatible with major forensic tools
